

# **Cornwall Park Store**

## **Product**

**In What Ways Can **Natural Materials** Embed **Place-Based Connections** Into What People Consume, While Still Meeting **'Viable'** Cost Points**

## Consume

People consume to express themselves, expression starts with a connection to something

**Ethical Creation  
Sustainability  
Traceability**

## **Introducing Your Belongings**

**Objects should speak...**

## **Filling Your Consumerism Cup**

**Consuming is like calories...**

**Does it come from natural constraints of this place?**

**Does it expose the unseen story?**

**Is it rooted in place?**

**Does it elevate through material?**

**Will it integrate into daily life?**

**Does it meet cost viability?**
